Tom Moran, Founder, CEO and Senior PIM Portfolio Manager has been named:

Barron's Hall of Fame Advisor the advisor has to have been named by Barron's for the last ten years consecutively in any of their rankings. In Tom Moran's case from 2010-2019 he was named to Barron's Top 100 Financial Advisors ranking which is based/evaluated on data provided by thousands of advisors. Factors included in the rankings were assets under management, revenue produced for the firm, regulatory record, quality of practice and client retention.

The **Forbes ranking of America's Top Wealth Advisors**, developed by SHOOK Research, is based on an algorithm of qualitative criteria, mostly gained through telephone and in-person due diligence interviews, and quantitative data. Those advisors that are considered have a minimum of seven years' experience, and the algorithm weighs factors like revenue trends, assets under management, compliance records, industry experience and those that encompass best practices in their practices and approach to working with clients. Portfolio performance is not a criterion due to varying client objectives and lack of audited data. Neither Forbes nor SHOOK receive a fee in exchange for rankings.
