# Small Cap Growth (SGRW)

DATA AS OF 3/31/2023

## Objective & Strategy

This strategy seeks long-term growth of capital by investing primarily in small capitalization growth stocks. The manager seeks to achieve this objective by investing primarily in equity securities of small U.S. companies, considered as those with a market capitalization of approximately $1 billion to $3 billion. The manager’s objective is to provide clients with a long-term rate of return better than that of comparable small-cap stock indices.

Results displayed herein prior to 8/20/2022 were achieved under a different firm prior to Moran Wealth Management becoming registered as an investment adviser. The accounts managed at the predecessor firm were, however, achieved by the same personnel and were managed substantially similar to the accounts managed at Moran Wealth Management.

Portfolio shown is as of 3/31/2023 and subject to change. As portfolios are separately managed the individual client account holdings will vary, perhaps significantly, from those listed on this factsheet. Information, such as industry sector allocation percentages and market capitalization allocation percentages, will also vary from the information listed on this factsheet. A client opening an account today may, or may not, be invested in securities or sectors based upon the percentages shown on this factsheet. For the most recent portfolio composition please contact the Portfolio Manager.
